Description	
<p>Various included databases have no license and as such are proprietary, that is if they are copyrightable, which I hope they are not because they are mathematical in nature.</p> <p>COPYING.txt lists four such databases under no license:</p> <ul style="list-style-type: none">• conway_polynomials• elliptic_curves• graphs• polytopes_db <p>One other component, maxima, has unusual conditions referencing US laws in lines 1033-1037 (inclusive):</p> <p>Distribution of such derivative works is subject to the U.S. Export Administration Regulations (Title 15 CFR 768-799), which implements the Export Administration Act of 1979, as amended, and/or the International Traffic in Arms Regulation, of 12-6-84, (Title 22 CFR 121-130), which implements the Arms Export Control Act (22 U.S.C. 2728) and may require license for export.?</p>
