

Packages - Freedom Issue #3240

[opensubdiv] CUDA support

2022-04-12 07:10 PM - gap

Status: unconfirmed	% Done: 0%
Priority: bug	
Assignee:	
Category:	
Description	
Unlike the i686 package, the armv7h and x86_64 packages both retain some CUDA support in the form of CUDA-related files in the package.	
I don't know whether CUDA support has been effectively removed or not due to the lack of cudnn in the repos, but there are still tons of CUDA-related files in the package.
