History

#1 - 2022-04-24 01:27 AM - bill-auger

- Parent task set to #2164
- Priority changed from bug to wish

for the same reason as the recent Privacy Badger request, this ticket should not need to exist - it is already listed on #2164 as one which should be removed from the blacklist, or re-packaged

unfortunately in this case, i could find no other reference for it
