

Packages - Packaging Request #3287

[If] Minimalistic file manager

2022-05-14 08:28 PM - gap

Status: on-hold	% Done: 0%
Priority: wish	
Assignee:	
Category:	
Description This package is already in the AUR, is very popular, and appears to be libre, although every file doesn't have a license notice.	

History

#1 - 2022-07-27 11:21 AM - wael

- *Priority changed from bug to wish*

- *Status changed from open to on-hold*

The license situation is unclear, by default any unlicensed files are considered proprietary.

If upstream clarifies the license situation by adding a license header to each file or at the very least some sort of statement to confirm the license from all copyright holders, then it can be considered for packaging.
