<b>Category:</b>	
<b>Description</b> Please update Icedove	
<b>Related issues:</b> Is duplicate of Packages - Bug #3115: [icedove][p11-kit][multiple]: libffi.so... <b>in progress</b>	

### History

#### #1 - 2023-04-29 10:50 AM - bill-auger

- Status changed from open to duplicate

generally, "Outdated" is not a bug - those should be flagged on the packages website - icedove is actually broken now, and it has an open bug report [#3115](https://labs.parabola.nu/issues/3115) - plz follow <https://labs.parabola.nu/issues/3115> instead

#### #2 - 2024-03-20 10:54 PM - bill-auger

as a concession, i have packaged the trisquel icedove binaries for parabola in PCR - icedove - the package name is 'icedove-bin', if people want to use it

binary packages are generally not acceptable  
icedove has been unable to build for a long time though  
libre/icedove still works; but is quite out-of-date  
ideally, let's fix libre/icedove and delete pcr/icedove-bin

#### #3 - 2024-03-31 07:43 AM - bill-auger

- Is duplicate of Bug #3115: [icedove][p11-kit][multiple]: libffi.so.7: cannot open shared object file added

#### #4 - 2024-04-03 07:58 PM - bill-auger

there is icedove 115.9.0 in libre-testing - can people try it and report your experience? - if it has no problems, it can be promoted to libre

```
# pacman -U https://repo.parabola.nu/pool/parabola/icedove-1:115.9.0-1.parabola1-x86_64.pkg.tar.zst
```
