Yep, that happens with in Arch too. Adding

```
--overwrite /usr/bin/dvisvgm --overwrite /usr/share/man/man1/dvisvgm.1.gz
```

solves it

is that really the suggested solution? - arch usually posts a news alert when manual intervention is required; and i or someone else usually re-posts it to parabola news

- Status changed from *unconfirmed* to *confirmed*

probably fixed by [#2746](#) rebuild

##### #4 - 2023-08-11 08:33 PM - bill-auger

- Status changed from *confirmed* to *fixed*
