Packages - Bug #3540

xinetd dropped from x86_64 repos

2023-10-06 11:32 AM - wael

Status:	fixed	**% Done:**	0%
Priority:	bug		
Assignee:	bill-auger		
Category:			

Description
xinetd is only available for x86_64 under the nonsystemd repo, this means that anyone using systemd cannot currently use it. This impacts programs such as gophernicus.

History

#1 - 2023-10-07 12:21 AM - bill-auger

- Assignee set to bill-auger

we probably need to adopt it into [nonsystemd] - IIRC, 'xinetd' is the only option for nonsystemd

```
direct and transitive parabola dependents:
  [xinetd]  <- pcr/ffingerd
  [xinetd]  <- pcr/gophernicus
  [xinetd]  <- nonsystemd/xinetd-openrc

(0) arch dependents
```

#2 - 2023-10-07 01:05 PM - bill-auger

- Status changed from confirmed to fixed
