

## libretools - Bug #412

### [libremakepkg] Doesn't display realtime download progress.

2013-09-20 12:12 PM - lukeshu

<b>Status:</b> fixed	<b>% Done:</b> 100%
<b>Priority:</b> bug	
<b>Assignee:</b> lukeshu	
<b>Category:</b>	
<b>Description</b> Because we post process the output of the commands with sed, that means the output is line-buffered. So, when downloading sources, you can't see the progress that curl is printing out.	

#### History

This was fixed by replacing the sed script with a perl script in 20131007.
