

libretools - Bug #414

[libremessages] Uses the libretools textdomain unconditionally

2013-09-30 02:30 PM - lukeshu

Status: fixed	% Done: 100%
Priority: bug	
Assignee: lukeshu	
Category:	
Description libremessages uses the libretools textdomain unconditionally, reducing utility for third party consumers. This is significant because fauno and I discussed how some of the additions (prose, flag, bullet) are useful for non-libretools things.	

History

#2 - 2014-01-06 06:01 PM - lukeshu

- Status changed from open to fixed
- Assignee set to lukeshu
