[redmine] Get 'hackers' and 'community' info from hackers.git

2014-03-05 11:53 PM - lukeshu

Status:	open	% Done:	0%
Priority:	feature		
Assignee:			
Category:			
Description Except for passwords, all ParabolaWeb user information should come from hackers.git. That might mean adding more information to hackers.git, or changing the format.			
Related issues: Related to parabola-hackers - Housekeeping #1466: [parabolaweb]: Load hackers... open			

History

- #1 - 2018-08-27 06:31 AM - bill-auger
 - Subject changed from [ParabolaWeb] Get hackers info from hackers.git to [redmine] Get 'hackers' and 'community' info from hackers.git
 - Tracker changed from Bug to Feature Request
- #2 - 2018-08-27 06:35 AM - bill-auger

this issue was original for ParabolaWeb but then a new duplicate was opened for that [#1466](#) - so this one can be for the analogous feature in redmine
