

libretools - Bug #518

[librechroot] mkarchroot: line 73 (while creating 'root' copy)

2014-04-29 05:29 PM - alfplayer

Status: fixed	% Done: 100%
Priority: critical	
Assignee: lukeshu	
Category:	
Description \$ sudo librechroot make ==> Creating 'root' copy for chroot [default] /usr/lib/libretools/chroot/mkarchroot: line 73: syntax error near unexpected token `declare' /usr/lib/libretools/chroot/mkarchroot: line 73: `done < { declare -x sed -r 's/^declare -x ([^=]*)=.*^1/' grep -i '_proxy\$'; }' \$	

History

#1 - 2014-04-29 06:14 PM - alfplayer

Replacing { ; } for <() in that line seems to fix it.

#2 - 2014-05-11 06:10 AM - lukeshu

- Status changed from open to fixed
- Assignee set to lukeshu
- % Done changed from 0 to 100
