**#5 - 2014-07-02 08:17 AM - xylon**

- Subject changed from *He's not announcing changes on the bug tracker anymore* to *Sometimes he doesn't report changes on the bug tracker*

- Status changed from fixed to open

I think the problem may simply be that the server is sometimes slow and the mail delivery gets delayed.

Hopefully this is fixed now since he has been moved to the other server.
