

## Packages - Freedom Issue #81

### thunderbird-libre has non-free searchplugins

2012-04-14 02:29 AM - Anonymous

<b>Status:</b> fixed	<b>% Done:</b> 100%
<b>Priority:</b> freedom issue	
<b>Assignee:</b>	
<b>Category:</b>	
<b>Description</b>	
Actual results:	
I found non-free searchplugins on thunderbird source code in comm-release/mail/locales/en-US/searchplugins The non-free searchplugins are:	
<ul style="list-style-type: none"><li>• amazondotcom</li><li>• aol-web-search</li><li>• bing</li><li>• twitter</li><li>• yahoo</li></ul>	
Expected results:	
Remove non-free plugins and replace them with free alternatives eg: duckduckgo and identi.ca	

### History

#### #2 - 2012-04-14 02:35 AM - Anonymous

I added a patch to resolve freedom-issue:

Thunderbird-libre new revision Log (New Changes):

<https://projects.parabolagnulinux.org/abslibre.git/commit/?id=aad5dc199374cba188bf48a106482390b2b3dfda>

searchplugins-libre.patch:

<https://projects.parabolagnulinux.org/abslibre.git/plain/libre/thunderbird-libre/searchplugins-libre.patch?id=aad5dc199374cba188bf48a106482390b2b3dfda>

thunderbird-libre-11.0.1-2.1 is now available for i686 and x86\_64 with patch added and freedom issue resolved.
