<b>Status:</b> <b>Priority:</b> <b>Assignee:</b> <b>Category:</b>	fixed bug	<b>% Done:</b>  0%
<b>Description</b> I get the following error when trying to open GNOME Contacts:  <pre>\$ gnome-contacts Failed to register: GDBus.Error:org.freedesktop.DBus.Error.NoReply: Message recipient disconnected from message bus without replying</pre> Is this a bug in the package, or is there something wrong with my system..?

Works fine here.

Now I seem to be getting a different error:

```
$ gnome-contacts
** (gnome-contacts:12753): ERROR **: contacts_ensure_eds_accounts: Timeout was reached
Trace/breakpoint trap (core dumped)
```

Calendar doesn't work, contacts doesn't work, so I guess it's related to this:

This was now fixed by recent update on evolution-data-server.
