#### History

##### #1 - 2016-04-15 11:22 PM - lukeshu

- Category set to ARM on x86

##### #2 - 2016-04-15 11:28 PM - lukeshu

- Target version changed from Basic ARM support to Better ARM support

##### #3 - 2016-04-15 11:50 PM - lukeshu

- Related to Porting #787: [librechroot] Support ARM chroots on x86 via QEMU added

##### #4 - 2016-04-15 11:51 PM - lukeshu

- Related to Bug #807: [librechroot] Support using proot to call QEMU for foreign architectures added

##### #5 - 2016-04-15 11:51 PM - lukeshu

- Related to deleted (Porting #787: [librechroot] Support ARM chroots on x86 via QEMU)

##### #6 - 2016-04-15 11:51 PM - lukeshu

- Blocks Porting #787: [librechroot] Support ARM chroots on x86 via QEMU added

##### #7 - 2016-04-16 04:26 PM - lukeshu

- Blocked by Packaging Request #988: Package a statically built qemu. added

##### #8 - 2016-05-16 02:14 PM - Anonymous

- % Done changed from 0 to 100

- Status changed from open to fixed
